4 inch bumper
w/ 0.625 x 3 inch wide
groove nominal

7 inch bumper
w/ 1.5 x 3.5 inch deep
groove nominal

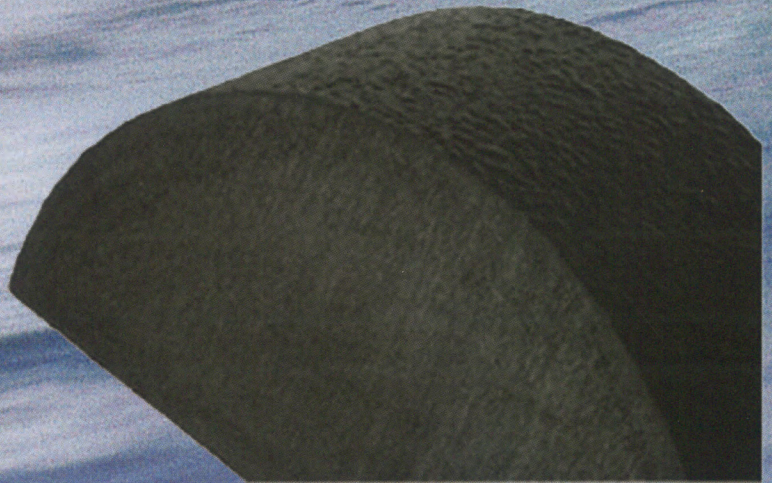

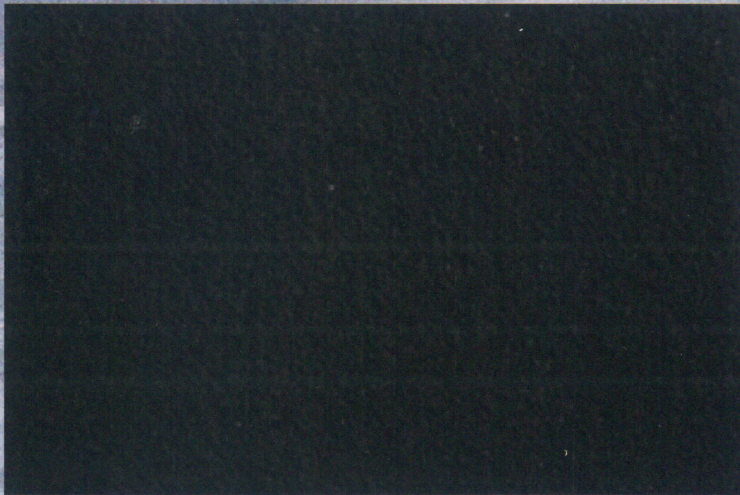

Custom Molded TPU Foam Products

Barbour Plastics now has added the capability to custom mold TPU micro-cellular foam. We can even insert mold over/on to pipes/tubing or even other items.

We can vary the density providing softer or more "stiff" properties.

Typical Physical Properties	
Tensile Strength (ASTM D412, Die A)	444psi
Tear Strength (ASTM D624)	108psi
Elongation (ASTM D412, Die A)	135%
Hardness Shore A	90A
